NOTES

St. Paul's Road was once known as Old Broyle Road

There is more information on the map for some pubs than there is in either the Journal or CP No.46, particularly for the names of landlords.

The precise location of many earlier pubs is unknown; this is usually noted in the descriptions of these pubs on the digital map

It would seem that there are no entries for pub numbers 46, 60, 67, 92 and 97 in CP No.46
